Course Introduction:
This training course provides a fundamental understanding of fiber optics plus the practical skills required to install and maintain fiber optic networks. It is a great class for those new to fiber as well as those looking to enhance their current skills. You’ll gain an understanding of fiber technology and disciplines through the instructor lecture that takes place the first part of the course.

Course Objectives:
Giving the confidence to work with existing fiber components, and the skill set to troubleshoot and repair a fiber optic related discrepancy.

Who Should Attend?
Anyone who designs, installs, tests, or maintains fiber optic communication systems for voice, video and data applications.

Assessment Method & Documentation
Attendance will be taken via the Averest attendance sheet at the beginning of every training day. Assessment is kept informal throughout the learning process until the final day, thus providing valuable opportunities for learning. Some assessments are done in groups providing the opportunity for collaboration and team problem solving, self-assessment is used to guide learner’s knowledge of their learning.

The course itself, instructor presentation and overall experience are also assessed by the participants through the attached feedback form, the results will be shared with your company.
Course Outline

Section One:
- Introduction to Fiber Optics
- Fiber Theory Optical Fibers
- Fiber Optic Cables
- Fiber Optic Connectors Splicing
- Fiber and Cable Management

Section Two:
- Installation
- Test Equipment
- Optical Testing
- Restoration
- Safety
- Communication System Basics
- Loss Budgets

Section Three:
- Hands-on Exercises
- Station #1-Splicing
- Fusion / Mechanical / Pigtai Fiber Handling and Cleaving
- Station #2-Connectorization
- Multiple Bonding Methods Visual Inspection / Cleaning Cable Assembly Testing

Section Four:
- Station #3-Cable Preparation
- Loose Tube Cable Preparation Breakout and Distribution Cable Preparation Patch Panel and Splice Closure Preparation Mid-Entry Practices
- Station #4-OTDR Operation
- Station #5-Optical Loss Testing

Section Five:
- Health and Safety Handling
- Eye Safety
- Bare Fiber Safety
- Materials Safety
- Fire Safety
- Summary of Fiber Safety Handling Rules
Our Methodology
Averest’s Training Methodology

The effort is focused on participants to complete the course gaining maximum learning benefits and outcomes. We consider the mindset from the beginning to end, incorporating the growth mind-set theory so attendees are walking away feeling inspired, empowered and have an increasingly positive attitude towards their role with the newly acquired knowledge.

We consider company culture, attendee knowledge and attitudes.

We emphasise on keeping participants engaged by enriching the training with quality audio-visuals, opportunities for practical learning, reflective practices, chances to work in teams with their peers and the opportunity for valuable discussions with peers, Averest representatives and instructor. We ensure there are relevant activities, case studies and examples to frame the learning.

We finally provide an opportunity for assessment and consistent feedback and reflection throughout the learning process, therefore keeping learners aware of their place on their learning journey.

**Included in This Package:**

At Averest training we provide a wide range of training programs in collaboration with ministries, universities, municipalities, organizations and a number of parties. We believe that high-quality training is essential to the enhancement of skills and abilities to achieve the ultimate vision and mission of a business.

**Our proposal consists of following:**

- Pre-course consultation
- Training course material
- High experienced instructor/s fee
- Certificate of completion
- Post-course follow-up
- All related Averest's quality control tools
- Required stationary
- Airport transportation
- 5 or 4 stars training venue

**Method of Terms**

Payment expected to be done as follows:

- 100% in advance payment to confirm course(s)

**Course Withdrawal, Cancellation and Rescheduling:**

- Twenty or more business days in advance: a full refund minus $100.00 administration charge.
- Ten to nineteen business days in advance: transfer to another course or receive a non-refundable credit, valid for one year, for another Averest course. Credits are transferable within your organization.

Less than ten business days in advance: No refund available but you may send others of equal number to the registered to take the registering place without any additional cost or you may request for your course notes to be mailed to you.

Those who fail to show up for the course they registered for, or those who withdraw without providing sufficient notice as described above, will be subject to the full fee of the course and will be invoiced for the full cost of the respective course or program.

In the event that Averest chooses to cancel a course, a full refund of the course fees will be issued to the registrant.
