Kaizen- Continuous Improvement

Course Introduction:
Kaizen, also known as “continuous improvement” or “change for better” refers to philosophy or practice to systematically achieve small, incremental changes in processes in order to improve efficiency and quality. Kaizen originated in Japan in 1950. First, it was introduced and applied by Imai in 1986 to improve efficiency, productivity and competitiveness in Toyota.

Course Objectives:
Understand the definition and complete methodology for Kaizen implementation
Gain knowledge on how to plan, implement and report on Kaizen projects
Implement hands-on application of Kaizen tools and strategies
Increase team coordination and enhance teamwork
To empower staff to adopt better practice and quality approaches
Commence a plan for the introduction of Kaizen in your organization

Who Should Attend?
Managers, Executives, Engineers, Clerks, Supervisors, Technicians, Officers, Production Leaders and Workers.

Assessment Method & Documentation
Attendance will be taken via the Averest attendance sheet at the beginning of every training day. Assessment is kept informal throughout the learning process until the final day, thus providing valuable opportunities for learning. Some assessments are done in groups providing the opportunity for collaboration and team problem solving, self-assessment is used to guide learner’s knowledge of their learning.

The course itself, instructor presentation and overall experience are also assessed by the participants through the attached feedback form, the results will be shared with your company.

- POKA - Yoke (Mistake Proofing)
- Quality Control Circle
Our Methodology
Averest’s Training Methodology

The effort is focused on participants to complete the course gaining maximum learning benefits and outcomes. We consider the mindset from the beginning to end, incorporating the growth mind-set theory so attendees are walking away feeling inspired, empowered and have an increasingly positive attitude towards their role with the newly acquired knowledge.

We consider company culture, attendee knowledge and attitudes.

We emphasise on keeping participants engaged by enriching the training with quality audio-visuals, opportunities for practical learning, reflective practices, chances to work in teams with their peers and the opportunity for valuable discussions with peers, Averest representatives and instructor. We ensure there are relevant activities, case studies and examples to frame the learning.

We finally provide an opportunity for assessment and consistent feedback and reflection throughout the learning process, therefore keeping learners aware of their place on their learning journey.
